Ready For The Struggle. . .

These Gloucester fishing boats are more than part of an American industry — they are symbols of an early American tradition of courage, independence, individual initiative, careful preparation and keen competition. All of these things entered into each venture to sea by the rugged fishermen who manned the tiny boats.

It seems like a far cry from a Gloucester fishing boat to a modern business or factory but the underlying requirements for success are the same for both.

America offers independence for all. Because this is true, any one with sufficient desire and initiative can launch an independent business.

Careful preparation is necessary. The product must be wanted — and must be better than any other similar product either as to usefulness, quality, price, availability or in some other way. Care in design, choice of material, selection of people who are to make it and the machines they are to use can determine the success of the business.

The keen competition of free people, buying what and where they choose, demands courage to make needed changes in the business, courage to risk money that has been earned and saved — so that new or improved products may be made for new and larger markets.

Just as the Gloucester fishermen prepared themselves and their boats for stormy voyages to take their share of the catch from an unrelenting ocean — so must a modern business prepare for and make stormy excursions into today's competitive markets.

Only the best prepared and most progressive can hope for the security that comes solely from success in the struggle for business.

PROXIMITY SUGGESTION — Willis Lloyd, shown above, on the first shift in Proximity Plant Spinning Department, recently won a cash award for his suggestion. Communism and McCarthyism Not A Mere Political Issue

When Adlai Stevenson speaks, it is wise for the American citizen to pay heed to what he has to say. It is generally accepted that former Governor Stevenson is a citizen of good judgment and with good intentions. Certainly no one can question his ability to express himself clearly and in an unique style.

However, we find that we must also accept the defeated presidential candidate as a politician, particularly at this time. Partisanship is written all over Stevenson, although he has escaped the brand of being a cheap politician. We would even go further and separate him from the rabble-rousing type.

We must, on the other hand, find Stevenson guilty of unfair verbal maneuvering when he makes his political speeches, such as the one he recently made. Quoting from the editorial in the March 8th issue of the NEW YORK HERALD TRIBUNE, "The problem of checking McCarthyism is not one which permits either party to be self-righteous. The Democrats, despite Mr. Stevenson, have been doing precious little along this line. With one exception, they all voted for the new appropriation for Senator McCarthy's committee." We agree one hundred percent with the above editorial expression.

We are even more in accord with that part of the editorial which stated, "Speaking of presidents, moreover, can there be any doubt but that Mr. Truman's slipshod response to demands that Communists be cleaned out created the atmosphere in which a McCarthy could rise?"

This expression is little different from our own editorial expressions several times. We agree with the NEW YORK HERALD TRIBUNE in that nothing could be more dangerous and more misleading than for the Democrats to now assume that McCarthy and his deplorable practices are beyond their responsibility and that they can consistently use the unfortunate McCarthy situation as a "convenient stick to bat Republicans with."

The Communist issue and McCarthyism are too big and too serious not to concern both parties. The blame certainly does not belong to either party alone, and the solution to both problems calls for the wholehearted cooperative effort of patriotic citizens regardless of their party affiliation. From an Americanism standpoint, it is important that our leaders forget partisanship as they should have in the past and concentrate their efforts on combatting Communism in the United States and nullifying McCarthyism. The two issues transcend partisanship politics.

Three One-Act Plays were presented by the Senior Class of the Haw River High School on March 2 and 3 under the direction of Mrs. W. K. Babbington. The plays were entitled "One Happy Family", "The True In Heart", and "The Pampered Darling".

The setting of the plays was in the center of the auditorium with the seats placed in circles around the stage. This is an old practice among theatre lovers the world over. The purpose of Theatre-In-The-Round is to make Theatre Magic. This makes you a part of the play.

The plays were rendered in a splendid manner and were enjoyed by everyone who attended.

All members of the Senior Class took part in the plays and the proceeds will be used in helping to pay for their trip to Washington.

Tuesday, March 2 was Pre-School Clinic Day at the school. The first grade students were given a holiday in order that the beginners for next year could use the rooms for getting acquainted with school life.

During the day 58 children were entertained. Lunch was served to the children and their parents in the lunch room. A special program was given by Mr. Wooten, Mr. Young, Miss Baxter and Mrs. Patterson of the Health and County School Departments.

Mrs. Kidd, Mrs. Williamson and Mrs. Hardy assisted during the day.

The Haw River High School basketball team keeps rolling along. For the past three years they havn't lost a game in county play and have won national recognition for their outstanding play and high scoring ability. The past Tuesday evening they were held to their lowest score in many years when Gibsonville High School held them to 18 points. The game was a deep-freeze affair with both teams being content to hold the ball. For 27 of the 32 minutes of the game the ball was frozen. Gibsonville won their aims by being beat only by the score of 18 to 6.

Mrs. Dorothy Jones of the Pick-Up Department entertained her Sunday School Class at her home the past Monday evening. Mrs. Mollie Jones and Mrs. Mae Hunter were co-hostesses. The topic of the program was "The World Day of Prayer" with Mrs. Sherman Weaver chairman of the program. The hymn "Sweet Hounr of Prayer" was sung by the group.

After a very interesting program, a party plate with coffee was served the 19 present.

Master Wayne Hunter of Route 2, Mebane, spent the past weekend with Master Bobby Jones.

Mrs. Chester Riley is back at work after being confined to her home for several days due to illness.

The R. A. Group of the Baptist Church enjoyed an outing at Julian the past weekend. Ten members of the group with Rev. Bruhn left early on Saturday morning and returned late in the afternoon. They had an outdoor dinner.

Mrs. Sarah Allen of the Pick-Up Department spent the past weekend visiting her sister in Louisburg.

Rev. and Mrs. J. W. Goodwin and son, Ricky, spent the week in Alabama visiting with their parents. Mrs. Goodwin's father is very ill and Rev. Goodwin's mother has just recently been discharged from the hospital.

Pfc. Robert Poe, formerly of the Finishing Department, second shift, has been visiting his ssisters, Mrs. J. B. Hughes and Mrs. Roy Clayton. Robert is stationed in Illinois with the United States Air Force.

Mrs. Marie Holder and children, Walter and Gayle, spent the past weekend in Roxboro visiting with Mrs. Holder's sister, Mrs. E. M. Bowes.

Mr. and Mrs. Lawsie Riley and children spent Saturday visiting Mrs. Riley's mother, Mrrs. Bernice Irby in Hillsboro.

Ceasar Cone School News

Week of March 5

Mrs. R. E. Fitchett served ice cream and cake to the children in Miss Rowland's third grade Tuesday, the occasion being Wayne Fitchett's ninth birthday.

Officer were elected for the Citizenship Club as follows: David Coffey, president, Wayne Coble, vice president; Lucinda Alvis, secretary and Ricky Vaughn, doorkeeper. Shirley Hilliard served candy at the club meeting.

On the evening of March 6, a group of members of Miss Schiffman's 4th and 6th grade Audubon Junior Clubs attended the showing of the film, "Pastures of the Sea" at Aycock Auditorium. After the program, the children met Mr. Carl Buchheister, vice-president of the National Audubon Society, who had presented a lecture with the film. They also met Mrs. Charlotte Helton Greene, author of one of the bird books they have used. Mrs. Greene was in town just to attend the movie.

The club members who went were Joy Lane Freeman, Brenda Sams, Peggy Lanning, Bobby Leverett, Charles Morris, Clifton Guffey, and Ted Nance. These were accompanied by Mr. and Mrs. Ed Morris, and Mr. Leo Nance. Pamela Basinger also attended with her parents, Mr. and Mrs. S. R. Basinger.

The pupils of Miss Heffner's fifth grade are having fun with their study of plants. Miss Martha Goodman, their student teacher from Greensboro College is teaching this unit. She brought a microscope to class last week in order that every child might see a cell. For many of the children this was their first time to look into a microscope.

Burwell Cockman and Joseph Sams brought dirt to plant some beans. The class wants to watch these grow from seeds. They plan to put part of the seeds in the light to grow while others will grow in the dark. From this experiment they will learn how necessary light is in order for plants to manufacture their food.

Jerry Beal moved Friday, but he will still attend Ceasar Cone School.

Donna Vee Brady is absent today. This is the first day she has missed. We hope she will be back soon.

Carl Pegram brought a big turnip for the science table. It is the largest one we have ever seen.

The children in all the grades are enjoying the jump ropes recently bought for the school.

At the last meeting of the Citizenship Club in Mrs. Davis' room, they enjoyed a play directed by Jimmy Smith entitled, "Tommy's Adventure." Those taking part were Jimmy Smith, Jack Johnson, Billy Morris, Ronald Hardy, Donald Hardy, Norman Watson, Jerry Berkley, Brenda Peacock, Nancy Cassell, Brenda Gilliland, and Betty Oates.

Helpers elected for the next week are Betty Oates, Billy Morris, Henry Gwyn, Johnny Layton, Catherine Moore, and Brenda Gilliland.

PYTHIAN JUNIOR QUEEN — Betty Dale Pace, two-year-old daughter of Mr. and Mrs. W. O. Pace, was selected junior queen in the recent baby contest sponsored by Cone Lodge Knights of Pythias. Her father is employed in the White Oak Spinning Department.

BOWLING NEWS

By Maxine Allen

In the Thursday night ladies "A" League, the Lucky Fivers proved that skill, as well as luck, helped them to a three game win over the Pow Wows. This win places the Lucky Five team definitely on top of the league, with six wins, no losses. Pow Wows are second, with a three-three count, and the Tigerettes trail, with one game won and six lost.

Ila Roberts, a Lucky Fiver, bowled high game of the night, 97, which tied the previous high game record held by her teammate, Louise Pinkelton. None managed to better Louise's high league set of 266, although Ila came close with a 260 set.

Jean Austin bowled high set for the Tigerettes, Gwen Jones for the Go Getters, and Evelyn Thornburg, for the Pow Wows.

Friday night, in the Cone Women's League, Esther Coble, a Wood Chopper, and Minnie Wood, bowling for the Alley Cats, each bowled a 111 game, which replaced Dot Smith's high league game record of 107. Esther also bettered her 265 league three game set record with a rousing 270 set.

The Alley Cats bowled the highest game to date, 430, but the Hot Shots still retain their previous high set league record, 1190.

In the team standings, Hot Shots and Alley Cats are tied for first place, with nine games won and three lost. Wood Choppers and Pin Poppers are also tied, with three games won, nine lost.

The Junior Girl's League gets underway Friday at 4:00. Team Captains are Audrey Gales, Bear Cats; Judith Kendricks, Tigers; Margaret Stenley, Panthers; and Becky Moore, Wolves. Teams will bowl each Friday at White Oak and Proximity Ys.

In one out of two hospitals in the United States, blood contributed through the Red Cross by the American people was made available for treatment of ill or injured civilians, veterans, or servicemen and women.

BOWLING

Pins were really falling at the White Oak Y.M.C.A. last Tuesday night as the Proximity Goats remained in first place, defeating the Rayon team three games to none. Byron, "ole reliable" Calhoun did it again, bowling a high of 121 and a total of 311 pins for his three games. Bill Pennington, 107, Ray Smith, 103, and Jim Fuller, 95, were also outstanding for the mighty Goat team.

The Rayon had the odds against them since two of their star bowlers were absent. Roger Johnson was the only one on the Rayon team that could break 100 again this week. (Jack, you had better start giving your boys some more of that Hadacol, or is it Geritol?)

At Proximity Y.M.C.A., the Payroll Office defeated the Revolution Office three games to none to move within one game of the second place Rayon team. James "the eye" Weaver bowled his outstanding game of the season, having a high of 123 and a three game total of 326 pins to lead his teammates. Howard Pickard, 110, Bill Taylor 97, and Mack "Smiley" Kinney 91, were also among the top bowlers.

Although Revolution has a very good team, like the Rayon, they just couldn't get started. It just wasn't their night, because this team is one of the best in the league and is capable of bowling much better. Nick Whitfield was their top bowler.

On Monday night at the Proximity YMCA, the Proximity Comets, led by Gene Neirs, 101, Dennis Myrick, 101, and Wade Wylie, 91, defeated the Laboratory two games to one in three very exciting and interesting games.

The games were so close that of total pins bowled for the night, the Comets were only four pins better than the Lab. (Maybe the reason was because Gordon Williams and Gene Neirs laid down a smoke screen with the cigars they were smoking. Anything can happen these days.)

The outstanding bowlers for the Laboratory were Fits Seabolt and Thomas Coffer.

High team set for this week goes to the Proximity Goats with a total of 1390 pins. High team game also goes to the Goats with a total of 481 pins. James Weaver had the high set with a total of 326 pins and also the high game with a total of 123 pins. Ray Smith still has the high individual average with a total of 97.05 per game.

Standings are:

Team	Won	Lost
Proximity Goats	19	5
Rayon	14	10
Payroll	13	11
Revolution	9	15
Proximity Comets	8	10
Laboratory	3	15
